

In view of the stated facts and supporting documents attached thereto, taken in conjunction with the information in the submissions of October 10, 2007 and June 23, 2008, it is submitted that the application should now be accepted under the provisions of 37 CFR 1.47 (Rule 47).

Favorable action is courteously requested.

DECLARATION OF FACTS

IN THE MATTER OF UNITED STATES PATENT APPLICATIONS:

Serial No. 10/591,795, McCausland, Linda Jane *et al.* – (File 15819)

Serial No. 11/629,894, McCausland, Linda Jane *et al.* – (File 15864)

I, Peter T. Mansfield, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 United States Code, Section 1001, and that such willful statements, and the like, may jeopardize the validity of the respective applications and any resulting Letters Patents, declare:

That I am a Chartered Patent Attorney practising in the United Kingdom.

That I am properly authorized to execute this Declaration on behalf of the owner, Accentus plc, of the above identified applications for patent and the inventions disclosed therein.

That I have first hand knowledge of the following facts, statements and documents.

That I have been and am presently involved with the prosecution of the above two identified U.S. Patent Applications and prior related PCT applications.

That Linda Jane McCausland, by the terms of her employment at the time of making of the inventions, is obligated to sign the papers for filing of the two applications described above.

This Declaration is additional to the Declaration that I submitted on 23 June 2008 (copy enclosed).

I attach copies of papers from our records for each of the above cases, as summarised below. We sent copies of the published PCT specification and the claim amendments, for each of the above cases, to Linda McCausland on 5 September 2008. In each case we also enclosed a Combined Declaration and Power, and an Assignment to transfer the patent application to Accentus plc. These documents were all sent with a single letter, along with a stamped addressed envelope for return of the signed documents. The letter was sent by courier, to ensure safe delivery.

15819 MdH:

5 September 2008 covering letter sent to Linda McCausland with copy of PCT publication, Declaration and Assignment

5 September 2008 shipment receipt from DHL

8 September 2008 detailed report from DHL to confirm delivery

15864 MdH:

5 September 2008 covering letter sent to Linda McCausland with copy of PCT publication, Declaration and Assignment

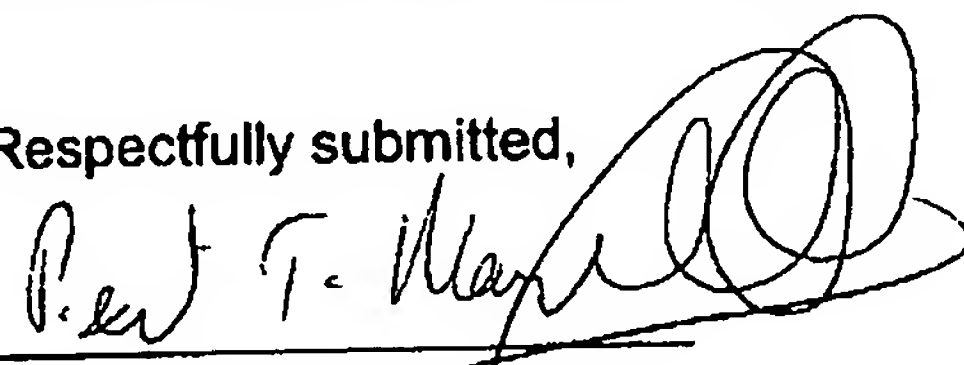

It will be appreciated that a single covering letter was sent that included all the documents listed above under 15819 MdH and also those listed under 15864 MdH. The shipment receipt and the detailed report from DHL that are listed under 15819 MdH relate equally to file 15864 MdH.

We have not heard back from Linda McCausland at all, nor have we received any documents returned by her. Her inaction is an indication that she is not signing the documents. As explained in the previous Declaration of 23 June 2008, Linda McCausland has not signed any such documents over a period of over two years! Clearly, her lack of action speaks louder than words.

In view of the foregoing, one must conclude that the conduct of Linda Jane McCausland constitutes a refusal to sign the application papers (MPEP 409.03(d)).

Dear Linda

**FORMS FOR SIGNATURE RE:
USA NATIONAL PHASE PATENT APPLICATIONS
PCT APPLICATION NOS: PCT/GB2005/00812 AND
PCT/GB2005/050092
URGENT**

I understand you have now returned to the UK. I hope your new work is going well.

There were some forms that you apparently weren't able to sign while you were in the USA. I therefore now enclose the following documents for your signature:

15819 MdH - Removal of sodium oxalate from a Bayer liquor
- copy of the published PCT specification (with the claim amendments indicated by a date in the top right-hand corner, and the deleted pages crossed through in red)

- Combined Declaration and Power (showing the PCT filing information and amendment dates)
- Assignment to Accentus plc

15864 MdH - Precipitation of Gibbsite from a Bayer Liquor
- copy of the published PCT specification (with the claim amendments indicated by a date in the top right-hand corner, and the deleted pages crossed through in red)

- Combined Declaration and Power (showing the PCT filing information and amendment dates)
- Assignment to Accentus plc

I have marked in pencil to show the line on which the documents need signing.

Would you therefore please sign both the Combined Declarations, and both the Assignments, and please sign them all on the same day. Then please return all four of these documents in the enclosed stamped addressed envelope.

I look forward to hearing from you.

Yours sincerely

Peter Mansfield
